February 5, 2019

Dear Dundee Families,

The following is a list of "Main Road Pickup/Drops ONLY" stops that would be used on occasion when the weather or road conditions warrant. These pickup/drops can be viewed at any time on the school's website, www.dundeecommunityschools.org under the "Departments" tab, then "Transportation" headings page. **We will send out a Honeywell notification stating that we are going to a "Main Roads Only Status" prior to using these stops.** If you have any questions, feel free to contact our Transportation Director, Gina Cress at 734-529-2350 Ext. 11011. This district practice would enable our district to remain open for school while also offering transportation to our students so they could still be picked up or dropped off without having our buses get stuck on some of the gravel and dirt roads. This practice was one that the district had implemented in years past and we believe would provide our district with the best possible options to run school if we have a situation arise that does not allow our buses to travel down a dirt or gravel road and not get stuck. The students who ride the Special Needs buses would be directly contacted by the drivers, this includes, Buses 15 and 04-9.

Thank you for your cooperation and understanding!

Edward Manuszak, Superintendent

Main Road Pickup/Drops Only (bus number followed by where these point would be located)

05 - The only adjustments for this route will be as follows: Ferder Road and Scofield Road will not be traveled. Ferder and Scofield Road will be picked up and dropped off at the LMR Fire hall on Baldwin Road.
